REPORT OF THE COMMISSIONERS OF THE INTERNAL IMPROVEMENT FUND.

To the Senate and House of Representatives of the Commonwealth of Pennsylvania :

GENTLEMEN:—In compliance with the provisions of the first section of the Act of 1st April, 1826, and the second section of the Act of 4th April, 1831, the Commissioners of the Internal Improvement Fund respectfully submit the following statement, exhibiting their transactions for the year ending 31st October, 1840, in connection with which is also embraced the month of November, 1840, so as to close the financial year on the 30th of that month, in conformity with a resolution of the Legislature, adopted on the 21st of April last.

The amount received from the State Treasury for canal and railroad purposes during the year ending the 31st day of October last, is as follows, viz :

On account of temporary loan per Act of 14th April, 1838,	\$54,974 78	
On account of loan per Act of 19th July, 1839,	1,544,000 00	
On account of loan per resolution of 3rd April, 1840,	405,900 00	
On account of loan per Act of 11th June, 1840,	1,350,000 00	
Under Act of 9th February, 1839, relating to repairs on the French creek canal,	5,000 00	
		3,359,874 78

During the same period there was also received for the maintenance of motive power on the railroads of the Commonwealth, under the provisions of the Act of 2d February, 1835, the sum of		273,572 92
		\$3,633,447 70

For the month of November last there was received on account of loan per resolution of 3d April, 1840, for canal and railroad purposes,	248,317 34	
For the maintenance of motive power,	62,609 40	
		\$3,944,374 44

This sum was paid at sundry times, to the Treasurer of the Board of Canal Commissioners, on warrants drawn by the Governor. Of its application to specific objects, the annual account of the Canal

Commissioners, as settled by the accountant officers, will show a detailed statement, and to which the Legislature is respectfully referred.

The following table of receipts and payments shows the amount received from the State Treasury for the payment of interest on the improvement loans, the salaries of collectors, weigh-masters and lock-keepers, also the sources from which the monies were obtained and the loans on which the interest was paid respectively.

Deduct deficit, being the amount over- drawn on account, in bank,	2,400 59
	\$1,604,140 13

Because of the deficit in the revenues of the State, to meet all demands upon the Treasury, it has been the uniform practice for the State Treasurer to apply the canal and railroad tolls, auction duties, collateral inheritance tax, dividends on turnpike, bridge and navigation stocks, escheats, &c. to the payment of various appropriations and liabilities, as they become due and payable at the Treasury. It has followed, that a portion of the deficit in the funds of the Commonwealth has fallen upon the fund for the payment of interest on the public debt. The amount required to pay interest on the first day of February next, together with the salaries of collectors, weigh-masters and lock-keepers, is estimated at about eight hundred thousand dollars. It will, therefore, be necessary for the Legislature to provide the above amount, unless the loan which was authorized at the last session (proposals for which have been invited,) should be negotiated.

It is believed that but a small portion of the tax authorized by the Act of 11th June, 1840, will reach the State Treasury in time for the semi-annual payment of interest on the 1st day of August next. It is difficult to estimate the amount of deficit in the fund for the

payment of interest on that day. It will chiefly depend upon the provision which may be made at the present session of the Legislature, to meet the annual demands upon the Treasury.
All of which is respectfully submitted.
